Experience

Nov 2023~ Present

Student Ambassador, ArtCenter Engineering for One Planet grant

Engaged as a Student Ambassador in a grant-funded research initiative, participating in the process of collection and analysis of data to foster the integration of sustainable design methodologies within the product design curriculum.

Sep~Dec 2023

Teaching Assistant, Samsung sponsored studio, ArtCenter College of Design

Supported the program by managing and setting up digital assets and liaising between multiple stake holders of the project.

Sep~Dec 2023

Teaching Assistant, Visual communication 5, ArtCenter College of Design

Mentored students in leveraging Adobe Illustrator, enhancing their design process through personalized guidance and insightful critiques.

Jan~Apr 2023

Teaching Assistant, Materials and Methods, ArtCenter College of Design

Guided students through material selection and manufacturing methods, including polymer sciences, sustainable alternatives, and prototype development with silicone molding, casting, and 3D printing techniques.

2021~2022

KATUSA Sergeant, US Army / ROK Army

Served with the US Army 2nd Infantry Division as an army engineer while providing linguistic support as an Interpreter, directing soldiers, and ensuring seamless communication across ranks and with civilians. Honored with multiple awards, including the Army Achievement Medal.
